

RENTAL CAR PROGRAM

Procure Analytics has partnered with Hertz, one of the largest and most recognized vehicle rental companies in the world, to bring PA members a new program for corporate car rentals. This program allows your procurement team to drive savings by reaching different pricing tiers not reachable on your own, while enabling your travel management team to bring your travelers an elevated overall employee experience.

Solutions to Reduce Your Total Cost of Ownership

Procure Analytic delivers bottom-line TCO savings for members of its Rental Car Program by considering all cost control areas including:

- Base Rates
- City Surcharges
- Energy Fees
- Fuel Costs
- Insurance Costs
- Weekday, Weekly, and Monthly Rental Factors
- Terminations and cancellations
- Electric vs. Gasoline rentals

Program Benefits with Hertz

- Competitive corporate rates for all car classes, including electric vehicles
- Program covers US and International locations
- Flat one-way rates in the US
- Reduced City Surcharges
- Primary Liability and LDW inclusive
- No minimum revenue commitment
- Corporate level account management from Hertz
- Easy sign-up and status matches as needed
- Analytics and Reporting
- No early termination, cancellation, or late return fees

Why Hertz As Our Rental Cars Program Partner

- Global impact, allowing the easiest and most reliable experience anywhere in the world
- Investment in cars customers actually want to drive
- Superior customer experience and rewards for business travelers
- Technology capabilities and enhancements
- Unrivaled implementation and support
