

## FACILITY SERVICES PROGRAM

Procure Analytics has partnered with KBS to offer member companies an exclusive facility services program with an extensive selection of products, services, technical expertise and category management. Program members see average hard cost savings of 5-15%.

### KBS Program Benefits with Procure Analytics

- Best-in-Class Pricing**  
Deeply discounted Customer Care Core Items list for high movers / repetitive purchases. New SKUs added to the core list twice per year. MRO and OEM price changes limited to once per year based on PPI and commodity indices.
- Additional Savings**  
YoY TCO and VAVE savings opportunities for members, offered only through the PA / Fastenal program.
- Metalworking / Cutting Tools Program**  
Meet-or-beat pricing based on last price paid within 6 months and price hold for first 12 months of new program.
- Freight**  
Free on all standard shipments in the continental U.S.
- Spend Analytics**  
Visualize inventory, spend, and activity in the contract and individual site level to guide smart purchasing decisions.
- Extended Payment Terms**  
Standard Net 30 for all PA / KBS program members.
