

LABELS PROGRAM

Procure Analytics has partnered with OMNI Systems, the largest privately-held label converter in the US, to help members drive savings on their primary and secondary label products. OMNI is trusted by the world's largest brands, and has built its reputation on printing, producing, and delivering the highest quality labels at the lowest possible prices.

WHY WE PARTNERED WITH OMNI SYSTEMS

Labels that deliver on price.

OMNI keeps costs down with industry low overhead, plus their bargaining power as the largest consumer of direct thermal label media in North America, to save you more on the industry's highest quality materials.

Labels that deliver on time.

Their 99%+ on-time delivery record speaks to their focus on state-of-the-art technology, fulfillment logistics, and proactive customer care team with a dedicated point of contact.

Labels that deliver on quality.

OMNI's industry-leading supplier quality audit scores are a result of their motivated, well-trained people using the most advanced technology and ongoing Lean, Kaizen, and process improvements.

Labels that deliver sustainability.

To reduce consumption and minimize environmental impact, 99.8% of OMNI's face stock is FSC-certified, 99.9% of their adhesives meet TLMI Recycled Protocol, and they have exclusive use of EcoSmart friendly inks.
